June 15, 2010 in New York
Volkswagen introduced a new model - Jetta VI, which, according to the developers, unlike previous models, with VW Golf has nothing to do. The following year, after the launch of the VW Golf, new body variants for this car were developed (in order to increase the luggage space) in the style of a classic sedan.

First time poster here: I need to travel about 830 miles next week and in order to save money I'd like to install a hitch on my 2007 Jetta 2.5 auto transmission to pull a small trailer (most likely 5' x 10'). I'm looking at a Draw-Tite hitch system. My question is what is the max tow capacity on this model of Jetta? Google gave me varied results, but most were for the TDI.

2007 Volkswagen Jetta As the car has gotten older, I have found it has some electrical issues. The sunroof will on occasion open on its own and will need to turn the switch on and then back off to close the sunroof. The cruise control button does not always work (must turn engine off and then on again to have it work).
