What we would remind you about any coin price guide is that they are just guides. All coin values will vary depending on what is currently in demand and available. It's basic economics. Coin price guides are great for giving you a quick benchmark of the potential rarity of a coin, but they alone won't tell you exactly what your coin is worth. Also, if selling coins to a coin dealer, remember that they will expect to make a profit on the deal because that's how they make their livelihood.

Dealer specialists and expert collectors provide pricing input. Remember that the prices are just a guide, a starting point for asserting value. Some PCGS coins sell for less than the prices listed and some PCGS coins sell for more than the prices listed. COINS UNDER \$10. For coins valued at under \$10, even when graded by PCGS, the price listed is the value of non-graded (i.e., "raw") coins. The reason is that PCGS grading fees are more than the value of the coins, so these low value ...
