Evinrude's E-TEC 115 has not only billed itself as a stand-alone powerhorse, but also as a likely upgrade to the venerable 90 E-TEC. In our opinion, this 115 E-TEC has enough power to handle hard running offshore, as well as vigorous watersports inshore.

Evinrude E-TEC 115-hp | BoatTEST  
Review: Evinrude E-Tec 115HO About six months ago I made a switch that I never thought I would. With angling I always strive to use the most technologically advanced gear I can get my hands on – the most up-to-date reels and latest lures – but here I was choosing to go back to a two-stroke outboard!

Review: Evinrude E-Tec 115HO - Fishing World  
With revs dialled on, the Evinrude E-TEC G2 115 HO is surprisingly responsive to the throttle. Roll on more revs and the two-strokes specialist digs deep, with a strong, torque-laden response. Evinrude has worked on adding more sound suppression to this new generation E-TEC G2 range, and the result speaks for itself.

2020 Evinrude E-TEC G2 115 HO review - boatsales.com.au  
Evinrude E-TEC G2 115 H.O. weighs 390 lbs. (177 kg) and has an excellent power-to-weight ratio. Because it ' s built with an all-new two-stroke, 3-cylinder powerhead, this outboard weighs in at just 390 pounds.

Evinrude E-TEC G2 115 H.O. | BoatTEST  
It ' s hard for us to believe that it ' s been ten years since we bought our E-TEC. This is Part 1 of our long-term E-TEC review. We ' ll cover what happened, costs, things we liked and things we didn ' t like. Bottom line: Would we buy another? YES. But there ' s some pretty stiff competition in the 75-115 HP outboard space now, including much lighter 4-strokes.

E-TEC Review - Part 1 | 10 year Review | Ocean Skiff ...  
Original review: June 28, 2020. I bought the Etec 90 new in 2016 off a reference of a boat mechanic (not an Evinrude dealer) that he thought the 90 would be the right engine for my boat.

Top 31 Evinrude Reviews - ConsumerAffairs  
When we purchased our E-TEC 10 years ago, this was our single biggest concern. Evinrude ' s parent corporation, OMC, had gone bankrupt, arguably due to problems with their Ficht fuel injection technology. Their sudden departure left a lot of customers and dealers in the lurch, and Evinrude ' s new owner, Canadian-based Bombardier Recreational Products (BRP) was a relative unknown to the US ...

E-TEC Reliability | E-TEC Durability | Beyond The ...  
Evinrude ' s E-TEC G2 series may be the new nemeses of four-strokes in the 200 – to 300-hp range. One last thing to consider when comparing two-strokes to four-strokes is the hassle factor. As you likely know, larger two-strokes require regular and fairly expensive topping off with two-stroke oil, either into a remote tank or one that ' s ...

Yamaha VMAX SHO 115 vs. Evinrude E-TEC 115 - Boat Trader Blog  
Have 08 115 etec with close to 300 hours on it and since about 160 hrs have been having a lot of problems with the motor serging and losing power, dropping around 1000rpm to 2500rpm then coming back up. Also now very slow to get on the plane and lack of top end with very poor fuel economy. Have had 2 sets of plugs replaced, map replaced, fuel tank cleaned and filters and bowl replaced, exhaust ...

115 etec problems - Barnacle Bill's Marine Supply  
The Evinrude E-TEC 115 HP is the most popular V4 in the outboard family and tens of thousands power mid-size boats all over the US and around the world. It was introduced over 9 years ago and is still in production and a best seller.

E-TEC ISSUES on my 115 - E-NATION - Evinrude Outboard Motors  
A "tuned up" version of the standard E-TEC 115 V-4, this new Evinrude 115 H.O. does not have a power rating and will be a good match for smaller bass and walleye boats.

Evinrude E-TEC G2 115 H.O. (2019) with BoatTEST.com  
The Evinrude 115 HO makes about 126 hp, competitive with the 2.1-liter Mercury 115 Pro XS and 1.8-liter Yamaha VF115 V-Max SHO—Evinrude claims a 33 percent advantage in midrange torque—but the Evinrude weighs about 30 pounds more than the 359-pound Mercury.

Reviews - E-NATION - Evinrude Outboard Motors  
The auto winterization feature fogs the engines itself in minutes, with no trip to the dealer. An Evinrude E-TEC engine does not require belts, camshafts or exhaust valves, which means there are fewer parts to wear down or malfunction than a four--stroke outboard.

Evinrude E-TEC - 15 to 150 hp outboard engines | Evinrude ...  
E-TEC technology first appeared in a snowmobile in January 2008 in an early-release 2009 MX Z TNT 600 H.O. E-TEC. The impact of the clean-burning, smooth-running, efficient technology on the snowmobile market has been huge – allowing Ski-Doo to approach 50 percent marketshare and really prove to regulators that two-strokes engines can meet ...

BRP Drops Evinrude E-TEC Outboard Lineup | SnowGoer  
Find the perfect engine for your boat with the Evinrude E-TEC G2, available from 115 H.O. to 300 HP with high output options on your outboard motor.
