As a college professor, the town respected him. As a husband who could not pay his way - his wife despised him. As Peter Waring said bitterly after she walked out on him, "Maybe I'm a college teacher - but damn it all, I'm also a man! I want to live like a man . . . love like a man . . ." Yet how could he? Like most faculty members, he had to burn the midnight oil doing extra assignments to improve his lot in the world. For although his wife was rich, she wanted Peter to pay - or to play!When a college campus is rocked by violent revolt, it isn't always the students who are to blame. In this case, it started with Viviam Temple, a highly respectable English teacher - whose husband could no longer satisfy her erotic appetites. It spread quickly to Eric Bentley, another normally staid member of the faculty, who knew a good thing when he saw it - andsaw Vivian at her naked best. Then it touched Barry Holmes, an A student who just happened to like doing nude studies instead of his homework!

When it comes to their personal transportation, today's youth have shunned the large, heavy performance cars of their parents' generation and instead embraced what has become known as the "sport compact"--smaller, lightweight, modern sports cars of predominantly Japanese manufacture. These cars respond well to performance modifications due to their light weight and technology-laden, high-revving engines. And by far, the most sought-after and modified cars are the Hondas and Acuras of the mid-'80s to the present. An extremely popular method of improving vehicle performance is a process known as engine swapping. Engine swapping consists of removing a more powerful engine from a better-equipped or more modern vehicle and installing it into your own. It is one of the most efficient and affordable methods of improving your vehicle's performance. This book covers in detail all the most popular performance swaps for Honda Civic, Accord, and Prelude as well as the Acura Integra. It includes vital information on electrics, fit, and drivetrain compatibility, design considerations, step-by-step instruction, and costs. This book is must-have for the Honda enthusiast.

Thomas Dickerman and his wife, Ellen, came to Dorchester Massachusetts ca. 1636. He died there in 1657. Early descendants lived in Massachusetts, Vermont, New York, New Hampshire, Connecticut and then spread throughout the U.S.
