A performance measurement control system is a tool used by organizations to control the performance and outcomes in business

operations. It is designed to help managers make decisions regarding how

Merchant

Online Library Management

business is
conducted.

Summary

Management

Control Systems:

Performance... |

Bartleby

Their central

focus is on the

Page 25/57

Merchant

Online Library Management

management of
organizational
performance.
Because the
framework has
been inductively
developed, its
application is
'tested' against
three major
systems of
organizational
control, namely
budgeting,

Merchant

Online Library Management

economic value added and the balanced scorecard. In each case, neglected areas of development are exposed and fruitful topics for research identified.

3rd Third

Performance

Page 27/57

Merchant

Online Library Management

management: a
framework for
management
control ...

The research
literature in
performance
measurement and
management

control has
developed
significantly
over the last
few decades.

Merchant

Online Library Management

Yet, there are many areas that still require important contributions in management research and guidance in order to improve both for-profit and not-for-profit organizations.

Merchant

Online Library Management Control

PERFORMANCE
MEASUREMENT AND
MANAGEMENT

CONTROL: THE ...

Essentially what they are saying is that a management control system

is a tool businesses can use to measure its performance

Merchant

Online Library Management

and to compare
its desired
objectives
against its
actual
objectives. By
establishing a
management
control system,
the business
makes it easier
to align
individual
decision making

Merchant

Online Library

Management

with the larger
organizational
objectives.
